**Costs relating to fostering**

I provide all vet work, worming and flea treatments. I would ask that you provide quality food, bedding and the day to day needs of your foster pet, as this allows for more animals to be saved on a very tight budget!

If the animal becomes sick or injured while in care, I will provide vet care at my nominated vet. If the injury is a result of something that could have been avoided, I would expect that where possible, assistance be provided to treat the injury.

You are aware that any damage caused by the animal or injury to persons cause by the animal while in your care is your sole responsibility and I cannot be held liable.

**Declaration**

By submitting this questionnaire, you agree that ALL information you have provided is correct. You understand that providing untruthful answers or failure to comply with the requirements of this application can result in the refusal of this application.

**Thank you for taking the time to complete this application. I will be in touch as soon as I have had a chance to review it.**
